USARC, Series 200, Sheet 0165-LAL, 2d ed, Mar 61 (S)

The referenced photography of Kazan Airframe Plant 387B, USSR, reveals 7 HIP, 8 HOUND, 1 COLT, and 1 derelict FAGOT/FRESCO. The identification of the 7 HIP is further evidence that this plant is the production facility for HIP as well as HOUND; a HIP fuselage was identified at the plant in [redacted] and 1 probable HIP was observed in [redacted]. Fourteen helicopter crates are visible near the shipping and crating shop on [redacted] photography, and 3 HOUND are being crated.

25X1

Expansion of the plant is continuing; construction activity is heavy throughout the plant area. Since the last previous report, 1/ progress has been made on the 2 large buildings under construction, 5 parking hard-stands have been completed, and the helicopter landing pad at the east end of the plant is nearing completion.
